SOUPS.

There are two classes of soups. Those made with soup "stock" and those made without it. The latter are classed as Cream Soups, Bisques and Pures.

Brown Soup Stock is made from beef and highly seasoned with spices, herbs and vegetables.

White Soup Stock is the liquid in which veal or chicken is boiled.

Consomme is a clear soup made from two or three kinds of meat as a rule.

A pint of soup is usually considered as serving four persons.

OX TAIL SOUP.

1 small ox' tail; 1½ pints brown stock; ½ cup each of turnip, carrot, onion and celery in small pieces; ½ teaspoonful salt; pinch cayenne; ¼ cup Madeira wine; 1 teaspoonful Worcester shire sauce; 1 teaspoon lemon juice. After cutting ox tail into small pieces and washing sprinkle with salt and flour and fry in butter for 10 minutes. To make your skin clean and healthy it is necessary that your blood be pure. Nyal's Blood Purifier will purify the blood. \$1.00 buys a bottle.

CANNED BEANS.

We like these beans better than canned ones: Take fresh snap-beans, string and break them as for present use; then put a layer of them in a jar and sprinkle salt, a cupful of it to each quart of beans, until the jar is full; then put salt at the top and cover it air tight. They keep all winter, and when washed and boiled in two or three waters are very good.

Neglect of ourselves is really responsible for most of our ill-health. Taken early most of our troubles are promptly remedied by treatment. This is particularly true of kidney troubles. Whenever you have indications that your kidneys are not right take Nyal's Kidney Pills. They'll promptly remove all kidney weakness.

CHOCOLATE PUDDING SAUCE.

Boil 1 cup sugar, $\frac{1}{2}$ cup water and a little cream of tartar to a thin syrup. Add $1\frac{1}{2}$ squares of Baker's Chocolate melted and pour the hot syrup slowly in. Cool somewhat and flavor with vanilla.

FIG PUDDING.

A long bottle filled with ice water makes a good rolling pin for pie crust.

IF YOU WERE BORN IN JANUARY

You are likely to be a natural thinker and leader and successful in commerce. Persons born in January are independent, active and persevering in an unusual degree and have kind and good dispositions. The men succeed best as politicians, engineers, great merchants, superintendents or positions of trust and are always found as pioneers in new undertakings. Self reliance is their watchword and they are not swayed by flattery, but like to be praised when it is due. They should overcome their weak points and only by so doing can they reach their greatest possible attainment. The birthstones for January are White Onyx, Moonstone and Ruby. Persons born in January should marry those born in July, November, May or February. March and November are their lucky months, and Tuesday and Saturday their lucky day. Rule yourself first, then rule others.

Weather Predictions. — 1st, light rain; 8th, cold and frosty; 12th, spring like; 17th, cold and blustery; 20th, rain and windy ending with snow; 28th, heavy rain storms.

VEAL AND SAGO SOUP.

2½ lbs. lean veal; 12 cups cold water; 1 pint scalded milk; yolks 4 eggs; ¼ lb. pearl sago; salt and pepper. Chop the meat fine after removing fat. Put in cold water and slowly bring to a boil and simmer for two hours. Remove serum as it forms. Strain and heat again. Soak the sago in cold water to cover and add to soup. Boil half an hour, add milk and pour over the yolks of eggs, slightly beaten. Add salt and pepper.

ASPARAGUS SOUP.

1½ pints chicken broth; ¼ cup butter; ¼ cup flour; 2 cups cold water; 2 cups scalded milk; 1 slice onion; 2 bunches asparagus; pepper and salt. Wash asparagus and cut into small pieces reserving tips and boil for five minutes, then drain and add chicken broth and an onion. Boil half an hour and rub through colander. Thicken with flour and butter cooked together. Add pepper, salt, milk and tips.

LEMON ICE.

2 pints water, 2 cups sugar and $\frac{1}{4}$ cup lemon juice. Dissolve sugar in water by boiling 20 minutes, add lemon juice, cool, strain and freeze.

Nyal's White Liniment now comes in a fifty cent size, holding full ten ounces. Get this size. It is the most economical.

Tomatoes may be brought to maturity and ripened very early by planting them at the right season in a barrel, in the bottom of which is a foot of well rotted manure covered with rich earth. Train the plants up the south side of the house and water frequently. Have plenty of holes for drainage.

Nyal's Throat Pastilles are a handy and good remedy for husky throats of all kinds. In a handsome tin package. 25 cents.

PINEAPPLE FRAPPE.

1 pint water, $\frac{1}{2}$ cups sugar, juice $\frac{1}{4}$ doz. lemons, 1 pint ice water, 1 shredded pineapple. Boil water and sugar a quarter of an hour to make a syrup, add pineapple and lemon juice. Cool and strain; add ice water and freeze.

You can add considerably to the refreshing qualities of your morning bath by using Nyal's Bath Powder. It softens and perfumes the water and a little is sufficient. 25 cents a large can.

If a banana is reduced to a pulp and added to the milk or cream used as sauce over apple dumplings, a delightful flavor is imparted.

ROMAN PUNCH.

2 pints water, 2 cups sugar, $\frac{1}{4}$ pint of orange juice, $\frac{1}{4}$ pint lemon juice, $\frac{1}{4}$ pint tea infusion, $\frac{1}{4}$ pint rum. Make a syrup by boiling sugar and water 20 minutes. Add the fruit juices and tea. Freeze to a mush and add rum and continue freezing.

Those annoying headaches usually result from a torpid, lazy liver. Some remedy that will stir up this organ is required and we believe Nyal's Yellow Pills are the best remedy on our shelves. Try a bottle. 40 pills—25 cents. Each pill a dose.

If you want a new kind of house plant let me suggest that you will find a tiny cedar tree very attractive. Last winter I pulled up a little one, three or four inches in height, set it out in a small flower pot, and in a surprisingly short time the little brown thing turned green and began to put out new branches. It seems to be a new idea to all my neighbors, and all who have seen it admire it greatly.

An effective treatment for grippe or colds is Nyal's Laxacold aided by Nyal's Winter Cough Cure or Nyal's Pinol. If the attack leaves you in a run-down condition or with a lingering cough take Nyal's Cod Liver Compound.

It is not advisable to spray trees or plants when the temperature is below 40 degrees.

For heartburn take Nyal's Charcoal Lozenges. 25 cents a box.

IF YOU WERE BORN IN MARCH

You are likely to be gifted with great ability as a mechanic or along literary or dramatic lines. Persons born in March have a splendid imagination and memory and are particularly gifted along mental lines. Both the men and women of March are affectionate and kindly dispositioned. Generous to a fault. The men should follow some calling where method and care will be valuable but should avoid speculation. They should assert themselves at their full value as their tendency is to be over modest. The women are refined and are good home-makers and enjoy beautifying and embellishing it immensely. Both men and women are well adapted for positions of trust. Persons born in March should marry those born in July, September or October. The birthstone is the Bloodstone. May and June are their lucky months to undertake anything, and Saturday the lucky day. To do your best make the most of the present.

CLARET CONSOMME.

Clear beef stock, Claret and hot water each two cupsful; 1 stick cinnamon; 1 tablespoonful sugar; yolks of 3 eggs, beaten; whites of 3 eggs, beaten. Pour one cupful of the soup over the beaten yolks, and cook until spoon is coated. Put in the rest and fold in the beaten whites after taking off the fire.

TOMATO CONSOMME.

Half a can of tomatoes; 2 pints of stock; an onion and an apple; 1 tablespoonful butter; 1 tablespoonful (level) flour; 1 bay leaf; pepper and salt. Stick four cloves into the onion and slice the apple, then cook them in the stock, tomato and bay leaf for 25 minutes. Strain and add salt, pepper and the butter and flour creamed together.

NOODLES.

One-third dozen eggs; 1 quart flour; salt. Break the four eggs into the flour and salt and mix well. Divide into four equal parts, roll thin and let dry for 1 hour. Roll and cut into thin strips and shake loose. Put in meat or chicken broth and bring to a boil. Use no water or milk, just mix as above.

ORANGE ICE CREAM.

1 pint thick cream, 2 pints orange juice. Mix orange juice and cream by slowly pouring in the cream. Sweeten to taste and freeze. Fine served with canned strawberries.

Impure blood means poor health and a whole train of ills. Keep your blood pure if you would be well. Whenever your blood is not as pure as it should be take Nyal's Blood Purifier. It is a remedy designed particularly for purifying the blood, and it does. 100 doses for \$1.00.

DATE PIE.

1 pint milk, 2 eggs, 1-3 pound sugar dates, $\frac{1}{4}$ teaspoon salt. Cook milk and dates for one-third of an hour in a double boiler. Strain and put through colander, add eggs and salt and bake in a quick oven at first and then more slowly.

Whenever the children are puny and not growing as they should, give them Nyal's Cod Liver Compound. It is a splendid medicine for them and it is so pleasant that any of them will take it readily.

If you haven't enough hooks in the closets, additional ones can be easily made with empty spools by driving long nails through them.

Dandruff and a diseased scalp will soon thin out the finest head of hair. If your hair is falling, better use Nyal's Hirsutone now. It is a whole lot easier to save the hair you have than to grow a new crop.

PRUNE PIE.

$\frac{1}{2}$ pound prunes, 4 teaspoons lemon juice, $\frac{1}{2}$ cup sugar, $\frac{1}{2}$ teaspoons butter. Wash and soak prunes, then cook until soft. Take out pits, cut in quarters and add sugar and lemon juice. Boil down liquid to $\frac{1}{2}$ tablespoons. Put lower paste in plate, cover with prunes, add liquid, spread with butter and dredge with flour. Put on top crust and bake in a medium oven.

If any of the little folks do not seem well and you can find nothing that would seem to be the cause, the trouble is probably worms. Better get Nyal's Worm Powders and give tonight and tomorrow morning. Repeat the treatment in a day or so. Nyal's Worm Syrup, Nyal's Worm Chocolates, or Nyal's Worm Lozenges each contain the same active medicinal ingredients as the powders. If preferred, any one of these might be used.

The habit that many people have of using a straw from the broom with which to test bread and cakes is, to say the least, not to be commended. I have found that a wooden toothpick is convenient for that purpose.

That cough of yours may seem not to be worth much attention, but be wise and get rid of it quickly. Nyal's Winter Cough Cure is about the best thing to take. Better get a fifty cent bottle.

Sweet potatoes may be scraped like new Irish potatoes. It is just as easy, for the skin is readily removed in this way before cooking them.

IF YOU WERE BORN IN APRIL

You are likely to be naturally clever at thinking and reasoning, excelling in anything requiring the use of the head and mental abilities. Persons born in April are independent and prefer to settle their own problems. They do not make ideal business partners, but are at their best at the head of an undertaking. They are good friends but do not forget a wrong readily and once an enemy means always an enemy. They are not revengeful, but both men and women are of a jealous nature. The men are usually fortunate in business, and getting money though handicapped by their short temper and sarcastic ways. The women make splendid music teachers and elocutionists. They are fond of spending money and are inclined to be extravagant. The birthstone for April is the Diamond. The lucky months are July and June, and Tuesday is the lucky day. Persons born in April should marry those born in December. April people should never touch stimulants or drugs.

Weather Predictions. — 1st, to 5th, showers, fair and cooler; 10th, storm period, cool wave; 17th, strong heavy rain; 20th, killing frosts in south; 25th, fair and warmer.

CREAM OF MUSHROOM SOUP.

½ lb. mushrooms; 2 pints chicken or veal broth; 1 slice onion; ¼ cup flour; ¼ cup butter; ½ pint cream; salt and pepper. Cut mushrooms fine and add with the onion to soup. Cook 20 minutes and rub through colander. Heat again and thicken with flour and butter cooked together. Add cream and pepper and salt.

RICE BALLS.

1 cup boiled rice (cold); 1 egg slightly beaten; 1 tablespoon flour; ¼ teaspoon salt; cayenne. Mix together well and form into balls and cook in hot soup.

FISH.

All fish should be eaten fresh and in season. A firm eye and hard flesh indicate freshness and all fish should be personally selected. If frozen thaw by putting in cold water, not warm. To fry use olive oil or pork drippings and use plenty of the fat.

PUMPKIN PIE.

$\frac{3}{4}$ pint of steamed and strained pumpkin, 2-3 cups brown sugar, 1 teaspoon cinnamon, $\frac{1}{2}$ teaspoon each salt and ginger, 2 eggs, $\frac{1}{4}$ pint milk, $\frac{1}{4}$ pint cream. Mix in above order and bake in one crust.

Nyal's Tooth Paste and Nyal's Tooth Powder should be used together. The Tooth Paste two or three times a day and the Powder once a week.

A CURE FOR HICCOUGH.

Fill a cup with cold water, draw a long breath and begin to drink the water very slowly, meantime holding the breath. When compelled to breathe do so carefully and slowly, lest the hiccough begin again. This distressing trouble is a sudden contraction of the wall between the stomach and lungs and the slow drinking of the cold water checks the convulsive movement.

Of themselves your kidneys do not suffer pain, but when they are wrong the signs are pain in the back, sciatica, rheumatism, lumbago or some similar ailment. If you have felt these warnings your kidneys are diseased and you should start treatment right away with Nyal's Stone Root Compound.

Put a scratcher for matches in every room of the house, and save the walls.

Avoid habit forming drugs—Baby's health should be carefully guarded in every instance—Nyal's Baby Cough Syrup is an ideal remedy in every respect—free from opiates—safe and dependable.

SOFT MOLASSES GINGERBREAD.

$\frac{1}{2}$ pint molasses, 1-3 cup butter, $1\frac{1}{4}$ teaspoons soda, $\frac{1}{4}$ pint sour milk, 1 egg, 1 pint flour, 2 teaspoons ginger, $\frac{1}{2}$ teaspoon salt. Place molasses and butter in sauce pan and cook to boiling point. Take from fire, add soda and beat well. Add milk, egg well beaten and the powders mixed and sifted. Bake one-quarter of an hour in small buttered tin pans, filling about two-thirds full.

You will never find a better dentifrice than Nyal's Tooth Paste. It's a cleanser, a preservative, an antiseptic, prevents fermentation and yet is delightful to use.

For sore shoulders, galls and wounds on your domestic stock use Nyal's Veterinary Healing Powder. It heals quickly and surely and is much more cleanly than mussy ointments. Only 25 cents a can.

GINGER SNAPS.

$\frac{1}{2}$ pint molasses, $\frac{1}{4}$ pint shortening, $\frac{3}{4}$ cups flour, $\frac{1}{2}$ teaspoon soda, 1 tablespoon ginger, $\frac{1}{2}$ teaspoon salt. Get molasses boiling hot and pour it over the shortening. Mix and sift powders and add. Thoroughly chill. Take one-quarter of the mixture and roll very thin and cut out with a small cutter, first dipped in flour. Roll the trimmings with the next portion. Keep the dough chilled while rolling to make cookies crisp and short.

For that painful burning after shaving just rub in an application of Nyal's Face Cream. It is a quick, pleasant, cooling relief. 25 cent, 50 cent, 75 cent pots.

Lamp chimneys are more quickly and easily cleaned by the steam from a tea kettle, than when washed with soapsuds and wiped dry.

IF YOU WERE BORN IN MAY.

You are likely to be exceptionally clever with both head and hands. Persons born in May are very kind hearted and often allow themselves to be imposed upon. They are usually leaders in any line they undertake, particularly big undertakings. The men succeed as engineers, contractors, builders, lawyers and callings requiring executive ability. May people should learn to keep their temper under control, to avoid strong drink and acquire habits of tolerance for the opinion of others. The women dislike housework, but are fond of embroidery and fancy work and are usually gifted with some special talent which they should cultivate. May and June are the lucky months, and Friday the lucky day. The birthstone is the Emerald. May people should marry with those born in October, September or January.

Weather Predictions. — 1st. to 5th, fair period; thunder showers; 10th, warm and dry; 18th, storm period; 21st, cool wave; 25th, fair and warmer.

CREAM SAUCE FOR FISH.

1 tablespoonful butter; 1 tablespoonful flour; $\frac{1}{2}$ pint of hot milk or cream; one-third teaspoon salt. Cook flour and butter together, then add the hot milk gradually and cook with stirring until sauce is smooth and free from lumps. For a thicker sauce use two tablespoonfuls of each of the butter and flour.

CREAMED FISH.

2 cups cold fish; $\frac{1}{2}$ pint cream sauce; salt and pepper. Use any cold fish left from a meal and remove bones and skin. Mix with hot white sauce, stirring until smooth.

MEXICAN HASH.

Take the left over of a roast and chop or grizd. To every two cupfuls add half can of corn; $\frac{3}{4}$ cup of bread crumbs, and moisten with brown gravy. Season with papricka and place in a buttered dish. Bake 20 minutes and serve with baked potatoes.

OATMEAL COOKIES.

1 egg, 4 tablespoons sugar, 4 tablespoons thin cream, 4 tablespoons milk, $\frac{1}{2}$ cup fine oatmeal, 1 pint flour, 2 teaspoons baking powder, 1 teaspoon salt. Beat the egg, add sugar, milk and cream, then the other ingredients mixed and sifted. Roll out on a floured board, cut in shape and bake in a medium oven.

Pleasantly perfumed and as smooth and fine as silk—Nyal's Talcum Powder. Violet or Rose. 25 cents a tin. Ask for Nyal's if you have never tried it.

Sometimes one finds it difficult to keep a cake while baking from burning on top. Try making a tent out of brown paper and setting it over the cake in the oven. It works like a charm.

WHY MILK SOURS IN THUNDER STORMS.

The old adage that thunder sours milk is declared by Garrett P. Serviss to be only a partial truth. "If there is any effects of this kind," he says, "it must be due to the electric state of the air, rather than to the thunder. The great heat which often accompanies a thunder storm may cause a sudden development of ferments in the milk."

Baby's cough should be attended to at once—and in selecting the remedy choose one that is entirely free from opiates. Nyal's Baby Cough Syrup is such a remedy—safe and dependable.

For heaves in horses give Nyal's Veterinary Chronic Cough Tablets. Price, 50 cents a box.

NUT COOKIES.

Teething time is a very trying time for nearly every baby. Some seem to get along nicely, but all need careful attention. Keep baby's stomach and bowels right and you will aid them over this time. The best way is to keep Nyal's Teething Syrup on hand and give whenever required.

IF YOU WERE BORN IN JUNE

You are likely to be peculiarly suited for a prominent position in politics or religious work and to excel in literary or scientific work. Persons born in June are kind hearted and often times generous to a fault. They are fond of travel and restless, always inclined to be looking for something particularly good instead of working hard at what they are at. They are proud and with exceptional ability when they settle down to use it. The women are loving and kind, but are inclined to complain and scold. The men have powerful characters and succeed in positions of great responsibility. April and August are the lucky months and Friday the lucky day. June persons should marry with those born in either November or February. The birthstone is the Chakredony or Agate. Henry Ward Beecher, Peter Paul Rubens and Mrs. Humphrey Ward were born in June.

FLAVORING EXTRACTS and SPICES

It pays to buy the best in spices or flavoring extracts not only because they give your cooking a fuller and more appetizing flavor but because full strength goods go further than those weakened down to sell at a certain price.

Get them at the drug store and know you are getting the best and purest to be obtained.

Also

PURE Cream Tartar
PURE Baking Soda
PURE Olive Oil

at the same price as you pay elsewhere for ordinary goods.

MANY USES FOR KEROSENE.

To clean the graniteware of smoke and discolorations, wet an old cloth with kerosene and wipe the smoke away. You will be surprised at the ease of the operation.

A correspondent of the Delineator gives more ways in which kerosene is valuable in the household.

To clean the paint where soiled fingers have smudged it around the door knobs, use kerosene. If the kitchen stove looks rusty rub it well with kerosene. Cut the grease from your drains and sink by using kerosene on a brush.

When the oilcloth on the kitchen table becomes stained, rub well with kerosene and wipe clean with fresh cloths.

Put some kerosene in your starch and see what an easy ironing day you will have. If your irons are rough, wet a cloth with kerosene, and while the irons are very hot rub them on the cloth vigorously.

When a knife gets rusty, let it stand in kerosene a few hours and then thrust it into the ground several times, and see the rust disappear.

Wet a rag in kerosene and stuff it into the rat hole in the shed and the rat will come no more to that hole.

Before giving up neglected machinery and tools as hopeless, try kerosene to remove the rust from them.

You know of sarsaparilla as a standard blood purifier and tonic. Combined with other remedies, as in Nyal's Sarsaparilla, it is particularly effective. We strongly recommend this as an appetizer or blood enricher or for clearing the skin of blotches, etc. \$1.00 a bottle.

Show the boys how to take the spots out of their own clothing. Nyal's Klenem is the thing for them to use. It's safe.

If bed bugs or similar pests should ever get into your house, just get Nyal's Death to Bugs and you can soon get rid of them.

Use five tablespoons of boiling water to dissolve the chocolate, and having beaten the butter to a cream add the yolks of the eggs and beat again; add the milk, chocolate and flour. Stir well, after beating the whites until stiff, stir them slowly in and after adding vanilla and baking powder bake in a medium oven for three-quarters of an hour.

If you are troubled with kidney weakness carry Nyal's Kidney Pills with you and don't miss a treatment. You can't afford to neglect it—if you do it will result in a complication of diseases.

The life of a garden hose may be lengthened by giving it a coat of paint, thinned out with linseed oil.

CHOCOLATE CARAMEL CAKE.

$\frac{1}{2}$ pound butter, 1 pint sugar, 2 pints flour sifted, whites of 7 eggs, 2 teaspoons (level) baking powder. Bake to make two layers. For filling use 2 cups sugar, $\frac{1}{2}$ cake chocolate, $\frac{1}{2}$ pint milk and butter size of a small egg. Cook until it will stand in water and add a teaspoon of vanilla. Cool and spread.

Use Nyal's Tooth Paste three times a day or morning and night at least, and your teeth will be always pearly and white. It is a splendid cleanser and its alkaline, antiseptic nature makes it an efficient saver of teeth.

To cut an iced cake without crumbling it, dip the knife for a few seconds in hot water.

To keep cheese from molding just wrap it in a piece of cloth wet or dampened in vinegar, and it will remain fresh for weeks.

Nyal's Corn Remover is a liquid which when painted over your corns dries almost at once and forms a protective coating, giving relief at once. It softens the hardened tissue and a hot foot bath at the end of three days will enable you to remove the corn.

QUALITY COUNTS

in medicine more than in any other line of merchandise. It is very important to buy your drugs of a store that has character and a reputation for reliability.

A little difference makes a big difference in the measuring or preparing of drugs.

The grocer or dry goods man can perhaps do a little guessing without any particular harm resulting but it won't do for the druggist. Measuring to a drop, weighing to a hair must always characterize the honest pharmacist.

Weather Predictions. — 1st, temperature in 90's, clear and hot; 15th, local electrical storms; 25th, warm wave; 28th, cool wave, light frost, earthquake shocks probable.

MEATS AND POULTRY.

Always remember that the cheaper parts of a first class animal can usually be prepared to furnish far better dishes than the high priced portions of an inferior animal, in other words, a stew from the forequarter of a first class animal will be better than a roast from the loin of an inferior animal and will be cheaper.

Tough meat if soaked in vinegar and water for 6 to 7 hours will be much improved. Use three parts of vinegar to eight parts of water.

Never let meats remain wrapped in paper, but place on a dish, also never place directly on ice but on a dish.

Do not let meat soak in water. If necessary to clean wash with a clean wet cloth and dry thoroughly.

Whether to be roasted or boiled, always give meat the greatest heat first.

To boil, place in boiling water unless making soup, when cold water should be used.

MOLASSES COOKIES.

1 egg, $\frac{1}{2}$ pint molasses, $\frac{1}{2}$ pint brown sugar, $\frac{1}{2}$ pound butter or lard or equal parts of two, 1 tablespoon each ginger, soda and vinegar, 1-3 cup hot water and salt. Cream the egg and sugar. Mix in molasses, shortening and ginger and add the soda dissolved in the hot water. Add vinegar and then flour at once. Make stiff enough to roll and cut out.

Prompt and effective treatment is required in even the slightest of kidney ailments. Start early and use Nyal's Kidney Pills. They strengthen the kidneys and cleanse the blood of impurities.

To rid the house of flies use Nyal's Death to Flies. It is a convenient and effective poison, and will kill them by the million. Four sheets, 5 cents; nine sheets, 10 cents.

Catarrh is most successfully treated by suitable local applications. Any catarrh specialist will usually advise alkaline antiseptic douches. There is nothing better than Nyal's Catarrh Remedy. It is a treatment consisting of a large bottle of an antiseptic and alkaline liquid and a glass douche for its application. If you have catarrh, get Nyal's Catarrh Remedy and go at the treatment and keep persistently at it. That's the only way to get rid of catarrh.

Feet tired out—swollen and tender? Sprinkle Nyal's Eas'em into the shoes the first thing in the morning—it means foot comfort.

SHAMROCKS.

1 pint sugar, 1-3 pound butter, $\frac{3}{4}$ cups flour, 4 teaspoons baking powder, 4 eggs, $\frac{1}{2}$ teaspoon mace, $\frac{1}{2}$ pint milk, 1 teaspoon rosewater. Add the sugar slowly to the creamed butter. Beat the yolks of the eggs and add. Sift the other dry ingredients and add in turn with the milk. Add rosewater and fold in the egg whites beaten stiff. Bake in small tins and cover with boiled frosting and ornament with ornaments cut from citron peel or angelica in the shape of a tiny shamrock.

Now that the canning season is at hand look first to the supply of cans, jars, etc., make sure that all are perfectly cleaned, that jar and top are mates and that a good rubber is ready for each jar, and if any tops are bent see that they are straightened out. To test their airtightness, half fill with water, fit on tops and rubbers and turn the cans bottom up on a dry table; if the slightest drop oozes, a new rubber or a better fitting top is needed. A supply of clean bottles and new corks of assorted sizes should be at hand, for all through the canning season there is likely to be a little syrup left over from this or that fruit, that if saved would make a pleasant beverage or pudding sauce. If there is but half a pint, put it boiling hot into a bottle, cork and cover with melted paraffine or sealing wax and it will come in handy next winter.

For sunburn or for winter's chaps and wind irritation, Nyal's Almond Cream is a splendid soothing application. 25 cents a bottle.

IF YOU WERE BORN IN AUGUST

You are likely to be splendidly kind hearted and generous with a distinctive personality and noble ideals. Persons born in August are fond of amusement and reading and are guided more by intuition than by calm reasoning. They often have a very quick temper but are conscientious, hard working and are usually successful. The men are born leaders and should follow their own intuitions in spite of what others may say. The women are loving, fond of children and adapted to domestic life, being splendid cooks. They have cheerful, sunny dispositions and draw people to them unconsciously. People born in August should not marry early in life, but later, and will find their best companion from those born in December, October or September. The August birthstone is the Sardonyx or Carnelian. The lucky months for August people are January and October and Sunday is the fortunate day. Their motto should be "Plan and Act."

If your potato kettle burns on the bottom, set it in a basin of cold water, and the burnt taste can not be detected.

IF YOU WERE BORN IN SEPTEMBER

You are likely to be very methodical and love orderliness and system about everything. Persons born in this month are not likely to let sentiment rule them, but will calmly reason things and then do what is best. They are not stingy, however, and give generously to worthy causes. The men find their best field of work in chemistry, teaching, or literary work. The women excel as teachers of music and newspaper writers. Both men and women are fond of travelling and money comes to them easily, enabling them to gratify their wishes. They have lots of ability and only need to cultivate habits of tolerance and unselfishness to win the greatest successes. February and July are the lucky months, and Wednesday the lucky day. The September birthstone is the Sapphire, and September people will find their matrimonial affinities among March, August or May people.

BEEF LOAF.

2 lbs. round steak; 1 lb. fresh pork; ¼ doz. green peppers; ¼ nutmeg; crumbs of 3 biscuits; ½ pint stewed tomatoes. Grind meat and peppers and then add tomatoes and salt and pepper to season. Form into a loaf with cracker crumbs and bake three-quarters of an hour in a good sized pan. Baste often with butter.

MEAT PIE.

1 knuckle of veal; 1 slice carrot; 1 slice onion; a bit of mace, bay leaf, and parsley; 1 dozen peppercorns; ½ lb. lean ham (raw); 4 tablespoons flour; 4 tablespoons butter; 24 bearded oysters. Remove bones from the meat and heat them and vegetables slowly to boiling. Put in the meat to cook until meat is tender. Take out meat and boil soup down to a pint. Cover ham in frying pan with warm water and leave on back of stove for an hour. Brown the butter, add flour, then the soup and next the ham and veal in small pieces. Simmer 20 minutes and add oysters. Put in dish and cover with a ready baked cover of pie paste.

HOT RUSKS.

½ pound butter, 2 eggs, 1½ pints flour, ½ pint milk, ½ pint sugar, a pinch of salt, 2 teaspoons baking powder. Work the butter into the sifted flour and baking powder and add the eggs beaten and milk.

One should always have handy in the medicine chest a remedy for prompt use in any of the probable emergencies that may happen. Such a medicine is Nyal's Pain Relief. It has so many uses that it is a practical medicine chest in itself. It quickly relieves pain whether external or internal. Taken internally it provides prompt relief for colic, diarrhoea, cramps, dysentery, sour stomach, heartburn, belching of wind, cholera or cholera morbus. Externally applied it has widely varied uses, applied freely with vigorous rubbing and the painful parts covered with a hot flannel soaked in it, it will relieve rheumatism, stiff neck, lumbago, etc. Nyal's Rheumatic Cure should be taken internally as for the old chronic cases. For colds and grippe, a teaspoonful of Nyal's Pain Relief taken in hot water every two or three hours with a good application to the chest will be sufficient for many cases. Applied externally it also relieves sprains, bruises, strains, burns, chilblains, scalds, etc.

Begin today to teach the children the value of money by giving each one an allowance.

Nyal's Veterinary Remedies are scientific and dependable medicinal preparations. We recommend them.

SCONES.

1 pint flour, 2 teaspoons baking powder, ½ teaspoon salt, 1-3 cup sugar, 1 egg, 1½ ounces butter. Make into a dough with milk, half and roll out thick as a biscuit. Mark into quarters or sixes and bake quickly.

A cough that gets deeply seated in the bronchial tubes is difficult to get rid of. The best thing we can recommend is Nyal's Cod Liver Compound.

A home made, double decked fruit drier can be made of two window screens, the upper supported by four legs nailed to the corners, the lower suspended to it by wires. The legs should be long enough to raise the drier far enough above the stove to prevent danger of scorching, and should extend at the top to support mosquito netting to keep the flies away. Even with a low fire, fruit will dry rapidly; artificial heat is better than the sun, as there is less risk of fermentation.

HONEY MUFFINS.

3 cups flour, 2 teaspoons baking powder, ½ teaspoon salt, 1 ounce butter, 3 eggs (beaten), ½ pint honey, 1 cup milk. Sift the first three together and add the other ingredients. Bake in a quick oven.

Internal piles cannot be reached by ordinary local treatment. An effective remedy is provided in Nyal's Rectone. It comes in a collapsible tube with a special tip and can be readily and conveniently applied. Price, 50 cents.

IF YOU WERE BORN IN OCTOBER

You are likely to be enthusiastic and hopeful and with marked abilities that will enable you to be successful and reach a high position. Persons born in October are inclined to be careless about money, generous to extravagant recklessness. They should strive to realize the real worth of money. They are inclined to worry and fret and to succeed must overcome this tendency. The men usually become brokers or real estate dealers and the women succeed in the arts, being good at music or literary work. They hate housework and while not as reckless as the men, are more extravagant. October people should strive for poise and patience. The birthstone is the Beryl or Opal. October people should marry those born in March, August, May or February. Their lucky months are August and December and Friday is their lucky day. Lord Macaulay and Theodore Roosevelt were born in October.

BREAD PUDDING.

1 pint stale bread crumbs; 2 eggs; 2 pints scalded milk; ½ teaspoon salt; 1-3 cup sugar; ¼ cup melted butter; 1 teaspoon vanilla. Place the bread crumbs in milk and let cool, add other ingredients and bake one hour in slow oven.

COTTAGE PUDDING.

4 tablespoons butter; ½ pint milk; 2-3 cup sugar; 2½ cups flour; 4 teaspoons baking powder; 1 egg; ½ teaspoon salt. Slowly add the sugar to the creamed butter, then the egg well beaten. Mix and sift the baking powder, salt and flour and add alternately with milk to first mixture. Bake in a buttered cake pan for 35 minutes.

BAKED CUSTARD.

2 pints scalded milk; ½ dozen eggs; ½ cup sugar; ¼ teaspoon salt. Slightly beat the eggs, add salt and sugar and slowly add scalded milk. Strain and bake in a pan of hot water, in a slow oven. Do not let water in outer pan boil, or custard will be watery.

PICCALILLI.

1 cabbage, 4 green peppers, 6 onions, 1 peck of green tomatoes, all chopped; 1 cup of salt and 1 quart of vinegar. Cook 30 minutes, then drain. Scald together 2 quarts of vinegar, 2 pounds of sugar and 1 teaspoonful each of cinnamon, allspice, ginger and cloves. The spices may be tied in a bag if preferred. Pour over the pickle and cook 20 minutes. This may be sealed or kept in glass jars.

The cough syrup that is strong enough to be effective in the treatment of the coughs of adults is usually too strong for the little folks. Nyal's Baby Cough Syrup has been designed particularly for babies and children. It will not derange the stomach and yet it does give prompt relief. 25 cents a bottle.

GERMAN BRAN MUFFINS.

1½ pints bran, 1½ teaspoons salt, ¾ pint flour, 2 teaspoons (level) baking powder, 3 tablespoons molasses, 1 pint milk. This is enough for a dozen muffins.

When beating the whites of eggs with a flat beater, try resting the elbow on something slightly higher than the dish. It will rest the arm wonderfully, and one can beat much faster without becoming weary.

CHILI SAUCE.

24 ripe tomatoes, 4 onions, 6 bell peppers, 6 cups of vinegar, 1 cup of brown sugar, 4 tablespoonfuls of salt, 1 teaspoonful of all kinds of spices, and 2½ teaspoonfuls of mustard. Scald the tomatoes and remove the skins. Chop the onions and peppers fine, and cook all together for an hour, taking care not to scorch the mixture as it thickens.

Unless lamp wicks are turned down after trimming, the lamps will be covered with oil.

One application of Pilo will convince you of its merit as a remedy for piles. It will relieve the constant itching and irritation. A persistent treatment with Pilo will cause the absorption and cure of pretty near every case of piles. For the internal ones, Rectone is more readily applied. Rectone or Pilo, 50 cents a box.

Tinware that has become discolored can be made bright by boiling it in a solution of borax and water.

IF YOU WERE BORN IN DECEMBER

You will be practical and with executive ability and able to outdistance others in the race for success. December people are energetic, frank and progressive, but easily annoyed and with quick tempers. They are honest and conscientious, optimistic and of keen insight into the possibilities of any proposition. They are fond of music and art and usually are successful when following these lines. The women folks make splendid housekeepers and mothers and excellent wives. The men are fond of travel and succeed financially, being able to successfully handle the very biggest undertakings. December people are blessed with all kinds of ability, but to get their best success it is necessary for them to learn self control and to be self dependent. They should marry those born in April, August or November. The birthstone is the Turquoise. Their lucky months are February and June, and Thursday the lucky day. We take this occasion to acknowledge our indebtedness to our friends and patrons, our appreciation of their good will and faith in us, which have helped to make our success so great.
